**Please Join Us For  
Additional Supported Symposia at the 2011 AHPBA Annual Meeting  
Excellent Sessions! Make Plans to Attend!**

**Thursday, March 10**

**Dinner Symposium: 7:00 pm – 9:00 pm**

**Ocean Tower I A-C**

**"Laparoscopic Liver Surgery: Improving clinical and economic outcomes with contemporary techniques"**

**Faculty:** David Iannitti, MD, Carolinas Medical Center

Joseph F. Buell, MD, Tulane University

T. Clark Gamblin, MD, MS, Froedtert & The Medical College of Wisconsin

**Laparoscopic liver surgery continues to expand, as new techniques enable a safe and effective approach to managing liver disease and offering the benefits of laparoscopy to both patients and healthcare providers.**

**This symposium aims to:**

- 1. Provide an update on the current evidence supporting laparoscopic liver surgery, including indications, patient selection, surgical techniques, patient safety, and training**
- 2. Review the latest techniques for different approaches to laparoscopic liver resections. Specific procedures to be covered include:**
  - **Totally laparoscopic**
  - **Hand-assisted technique**
  - **Hybrid technique**
- 3. Discuss the clinical and economic advantages of laparoscopic liver resection**

**Sponsored by Covidien**

**Friday, March 11**

**Breakfast Symposium: 7:00 am – 8:00 am**

**Ocean Tower II A**

**"Laparoscopic Pancreatic Resection – How I Do It"**

**\* Robotic Laparoscopic Pancreaticoduodenectomy in 50 patients – Drs. Zeh & Moser**

**\* Totally Laparoscopic Pancreatectomy - Dr. Hansen**

**\* Hand-Assisted Laparoscopic Whipple procedure – Dr. Watkins**

**Sponsored by Salient Surgical Technologies**

**Breakfast Symposium: 7:00 am – 8:00 am**

**Ocean Tower II B**

**The Thompson Retractor is the trusted solution for improved liver resection and transplant exposure. Versatile, low profile, and dependable, the Thompson Retractor guarantees Uncompromised Exposure.**

**Sponsored by Thompson Surgical Instruments, Inc.**

## Saturday, March 12

**Lunch Symposium: 12:00 pm – 1:30 pm**

**Ocean Tower II A-B**

**“Tracked Ultrasound and 3D Navigation in HPB Surgery”**

**William Chapman, Moderator**

**12:00 pm - 12:15 pm: Open Resection and Ablation - William Jarnagin**

**12:15 pm - 12:30 pm: Laparoscopic Ablation - David Gerber**

**12:30 pm - 1:30 pm: Panel Q&A with Dr. Jarnagin, Dr. Gerber, Dr. David Geller & Dr. Paul Hansen**

**Sponsored by ALOKA Ultrasound/Pathfinder Therapeutics**

**AHPBA Satellite Symposium: 12:00 pm – 1:30 pm**

**Ocean Tower I A-B**

**Lunch will be provided**

*This is a CME Accreditation educational activity for a maximum of 1.5 AMA PRA Category 1 Credit(s).*

**Irreversible Electroporation:**

**The Clinical Experience in Hepato-Pancreato-Biliary Surgical Applications**

**12:00pm Introduction, program overview, goals:**

Program Chair: Dr. Robert Martin, University of Louisville

**Pre-clinical experience and proof of concept: can you ablate with IRE and safely involve critical structures in the pancreas and liver?**

Dr. Kevin Charpentier, Brown University

**Early clinical experience in locally advanced pancreatic cancer:**

Dr. Vic Velanovich, Henry Ford Hospital, Wayne State University

**Clinical experience and outcomes in locally advanced pancreatic adenocarcinoma and hepatic cancers:** Dr. Kevin Watkins, Stony Brook University Medical Center

**Indications, outcomes, and role of IRE for the HPB Surgeon:**

Dr. Robert Martin, University of Louisville

**1:20 Question & Answer – Faculty**

**Supported by AngioDynamics, Inc.**
